¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:

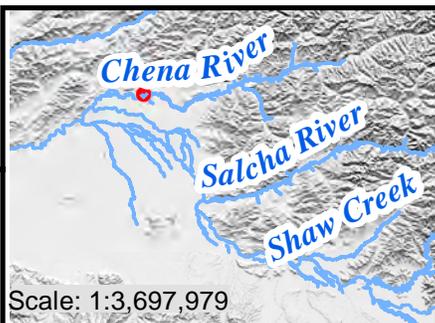

The former wetland delineation cited here was due to a reported violation in 2018. Though there are wetlands on site, there are none in the project area. Additionally the project area is an existing road and the applicant is proposing to fix this existing road. There is no need for a permit based on jurisdiction.
