

US Army Corps
of Engineers
Alaska District

Special Public Notice

ANCHORAGE
Regulatory Division (1145)
CEPOA-RD
Post Office Box 6898
JBER, Alaska 99506-0898

ISSUANCE DATE: November 28, 2018
REFERENCE NUMBER: POA- 2007-00541-M1

TIME EXTENSION OF GENERAL PERMIT POA-2007-541-M1 TO May 1, 2019.

The Alaska District, United States (U.S.) Army Corps of Engineers (Corps), in accordance with regulations pursuant to Section 404 of the Clean Water Act (33 U.S.C. 1344), is extending the time limit for use of Regional General Permit (RGP) POA-2007-00541-M1 to May 1, 2019.

This RGP authorizes discharges of dredged and/or fill material into jurisdictional wetlands for the construction of government-initialed residential and community developments and private residential developments within the state of Alaska, except for areas specifically excluded. To view the RGP, its terms and conditions, please visit the Corps web page at: <http://www.poa.usace.army.mil/Missions/Regulatory/Permits/Regional-General-Permits/>.

This six-month time extension for use of the RGP is being issued to maintain continuity of authorization for persons operating under the RGP, while the Corps completes the environmental and procedural evaluation process for its potential re-issuance.

The Corps anticipates making a decision as to the RGP reissuance no later than May 1, 2019. Prior to that date, the Corps plans to issue a special public notice to solicit public and agency comment on the proposed reissuance. Should it be re-issued, the current version of the RGP would be superseded by the revised RGP on the date it is re-issued.

Please contact Michael R. Gala at 907-753-2821, toll free from within Alaska at (800) 478-2712, by fax at (907) 753-5567, or by email at michael.r.gala@usace.army.mil if further information is desired concerning this notice.
