of Engineers
Alaska District

Special Public Notice

ANCHORAGE
Regulatory Division (1145)
CEPOA-RD
Post Office Box 6898
JBER, Alaska 99506-0898

ISSUANCE DATE: November 28, 2018
REFERENCE NUMBER: POA-2007-00372-M1

TIME EXTENSION OF GENERAL PERMIT POA-2007-00372-M1, TO April 28, 2019.

The Alaska District, United States (U.S.) Army Corps of Engineers (Corps), in accordance with regulations pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), is extending the time limit for use of Regional General Permit (RGP) POA-2007-00372-M1 to April 28, 2019.

This RGP authorizes work conducted with the use of floating devices in navigable waters of the U.S., for the purpose of recovering mineral resources throughout the State of Alaska. The RGP can be viewed at:

<http://www.poa.usace.army.mil/Missions/Regulatory/Permits/Regional-General-Permits/>.

This six-month time extension for use of the RGP is being issued to maintain continuity of authorization for persons operating under the RGP, while the Corps completes the environmental and procedural evaluation process for its potential reissuance.

The Corps anticipates making a decision as to the RGP re-issuance no later than April 28, 2019. Prior to that date, the Corps may issue a special public notice to solicit public and agency comment on the proposed reissuance. Should it be re-issued, the current version of the RGP would be superseded by the revised RGP on the date it is re-issued.

Please contact Michael R. Gala at 907-753-2821, toll free from within Alaska at (800) 478-2712, by fax at (907) 753-5567, or by email at michael.r.gala@usace.army.mil if further information is desired concerning this notice.
