ISSUANCE DATE: June 8, 2018  
REFERENCE NUMBER: POA- 2007-00541-M1

---

**\*\*\*TIME EXTENSION OF GENERAL PERMIT POA-2007-541-M1\*\*\***

The Alaska District, United States (U.S.) Army Corps of Engineers (Corps), in accordance with regulations pursuant to Section 404 of the Clean Water Act (33 U.S.C. 1344), is extending the time limit for use of Regional General Permit (RGP) POA-2007-541-M1 to **December 8, 2018**.

This RGP authorizes discharges of dredged and/or fill material into jurisdictional wetlands for the construction of government-initiated residential and community developments and private residential developments within the state of Alaska, except for areas specifically excluded. To view the RGP, its terms and conditions, please visit the Corps web page at: <http://www.poa.usace.army.mil/Missions/Regulatory/Permits/Regional-General-Permits/>.

This six-month time extension for use of the RGP is being issued to maintain continuity of authorization for persons operating under the RGP, while the Corps completes the environmental and procedural evaluation process for its potential reissuance.

The Corps anticipates making a decision as to the RGP reissuance no later than **December 8, 2018**. Prior to that date, the Corps plans to issue a special public notice to solicit public and agency comment on the proposed reissuance. Should it be reissued, the current version of the RGP would be superseded by the revised RGP on the date it is reissued.

Please contact Jason Berkner at 907-753-5778, toll free from within Alaska at (800) 478-2712, by fax at (907) 753-5567, or by email at [Jason.R.Berkner@usace.army.mil](mailto:Jason.R.Berkner@usace.army.mil) if further information is desired concerning this notice.
