

U.S. Army Corps of Engineers

Chena River Lakes Flood Control Project Draft 2023 Master Plan

The **U.S. Army Corps of Engineers** is revising the 1984 Master Plan and 1989 Master Plan Supplement for the Chena River Lakes Flood Control Project. The 2023 Master Plan Supplement will incorporate improvements to project recreation and environmental stewardship in addition to the project's primary mission of flood protection for Fairbanks and surrounding communities.

What is changing from the original Master Plan?

- Management Unit boundaries to better reflect use and current mapping technology
- Management Unit classes to better reflect current use (i.e., recognize park facilities)
- Recommended new minor developments:
 - Trails and separated bike paths
 - Access
 - Facility improvements
- Maintenance, Repair and Sustainability:
 - Resurface roads and trails
 - Modernize campgrounds and update playground equipment, kiosks, showers, etc.

Public Meeting

7:00 p.m.

Wednesday

November 16, 2022

**USACE Visitor Center
800 Laurance Road,
North Pole, AK**

Where are we in the process?

The new Master Plan is in Draft form, and this is the time to submit your comments and feedback. Our Comment Period Ends: **January 20, 2023**, and we will publish a Final Master Plan in the Spring of 2023.

How can I help improve the project?

Attend the Public Meeting to learn about the Master Plan and provide feedback. You can also email or mail comments!

How do I submit comments or obtain additional information?

Contact: Jeremy Allen. Chena River Lakes Flood Control Project Office. 3800 Laurance Road, North Pole AK 99705; or you may e-mail comments to: Jeremy.M.Allen@usace.army.mil
