

Civil Project Management Branch

# Public Notice

Alaska District  
U.S. Army Corps of Engineers

Date: January 9, 2019

---

The U.S. Army Corps of Engineers, Alaska District, is preparing a Draft Integrated Feasibility Report and Environmental Assessment for the following project:

**Kotzebue Harbor Feasibility Study  
Navigation Improvements at Cape Blossom, Kotzebue, Alaska**

The proposed project and initial analysis of potential environmental impacts are described in the draft report, which is being submitted to elicit public review and comment on the Recommended Plan of a dredged channel from approximately minus 26 feet (ft) Mean Lower Low Water (MLLW) extending 4,700 ft to a dock located at minus 12 ft MLLW. Included in the Recommended Plan is a trestle that extends from the uplands to the dock at Cape Blossom (12 miles south of Kotzebue).

The report will be available for 30 days from the date of this notice. It may be viewed on the Alaska District's website at: [www.poa.usace.army.mil](http://www.poa.usace.army.mil). Click on the *Reports and Studies* button, look under *Documents Available for Public Review*, then click on the *Civil Works* link.

Comments may be submitted to the address below or via e-mail to the address below:
