

Civil Project Management Branch

# Public Notice

Date: February 7, 2019

**Alaska District  
U.S. Army Corps of Engineers**

---

The U.S. Army Corps of Engineers, Alaska District, is preparing a Feasibility Report for the following project

**Unalaska (Dutch Harbor) Channels  
Unalaska, Alaska**

The proposed project and analysis of potential environmental impacts are described in the report, which is being submitted to elicit public review and comment on the Recommended Plan to dredge a bar at the entrance to Iliuliuk Bay that prevents deeper draft vessels from safely passing over the bar to access the Port of Dutch Harbor.

The report will be available for 30 days from the date of this notice. It may be viewed on the Alaska District's website at: [www.poa.usace.army.mil](http://www.poa.usace.army.mil). Click on the Reports and Studies button, look under Documents available for Public Review, then click on the Civil Works link.

Comments may be submitted to the address below or via e-mail to the address below:
