<sup>1</sup> This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

**B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND:** Aerial imagery indicates that the project site is uplands. NWI and USDA soil surveys indicate that the project site is uplands. Three previous JDs in the vicinity of the project site also indicates that the location is uplands. The applicant provided four soil profiles through the project site and site photos that confirms that the project location is uplands.
